

PALLAPU DILEEP KUMAR

Cybersecurity Enthusiast — Networking — Ethical Hacking

Chennai, Tamil Nadu, India

dileepkumarpallapu28@gmail.com — +91 6300837459

LinkedIn — GitHub — Portfolio

SUMMARY

Computer Science and Engineering student with a growing specialization in cybersecurity, computer networking and secure software development. Completed cybersecurity and CCNA training with knowledge of network security, ethical hacking, threat intelligence, firewall concepts, routing, switching and defensive security practices. Strong programming foundation in Python, Java and C.

EDUCATION

B.Tech – Computer Science and Engineering

Jul 2024 – Aug 2028

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science & Technology, Chennai

Intermediate – MPC (Maths, Physics, Chemistry)

Aug 2022 – Mar 2024

Sri Chaitanya College of Education

Secondary School Certificate (SSC)

Jul 2021 – May 2022

Kids Patasala

CYBERSECURITY & TECHNICAL SKILLS

Security: Ethical Hacking, Network Security, Cyber Defense, Threat Intelligence, Data Protection

Networking: CCNA, Routing, Switching, Network Security, ACL Concepts

Programming: Python, Java, C, JavaScript

Security Concepts: Firewall Rules, Backend Security, Palo Alto Networks

Tools: Git, GitHub, VS Code

EXPERIENCE

Cisco Networking Academy – Cybersecurity Training

- Studied network security architecture and defensive security practices.
- Developed knowledge of threat intelligence, online safety and data protection.
- Studied cybersecurity scenarios involving firewall rules and ACL concepts.

SkillCraft Technology – Prompt Engineer Intern

- Worked with LLM prompt design, context management and response evaluation.
- Applied structured prompt strategies to improve AI response quality.

QSkill & SR India – Software Development Intern

- Developed programming modules using Python and object-oriented programming.
- Worked with software development workflows and data handling.

PROJECTS

Smart Campus Event Management System

- Developed a Java/Spring Boot application with authentication, database integration, REST APIs and backend validation.
- Implemented structured MVC architecture and secure backend workflows.

Smart Attendance Management System

- Developed role-based authentication for Student, Faculty and Admin users.
- Implemented access-specific functionality and automated PDF reporting.

AI Chatbot for Student Queries

- Developed a Python conversational application using NLP concepts and structured JSON data.

SELECTED CERTIFICATIONS

- Ethical Hacker – Cisco Networking Academy
- Industrial Cybersecurity Essentials – Cisco Networking Academy
- AP Cybersecurity – Cisco Networking Academy
- CCNA 1: Introduction to Networks – Cisco
- CCNA 2: Switching, Routing, and Wireless Essentials – Cisco
- CCNA 3: Enterprise Networking, Security, and Automation – Cisco
- Mastering Palo Alto Networks – Infosys Springboard
- Securing the Backend Layers – Infosys Springboard
- Oracle Certified Foundations Associate – Oracle University
