

PALLAPU DILEEP KUMAR

Python Developer — Data Analysis — Machine Learning

Chennai, Tamil Nadu, India

dileepkumarpallapu28@gmail.com — +91 6300837459

LinkedIn — GitHub — Portfolio

SUMMARY

Computer Science and Engineering student with practical experience in Python programming, data analysis, machine learning and AI application development. Skilled in Pandas, NumPy, Matplotlib, Seaborn and Scikit-Learn with project experience in exploratory data analysis, classification and regression. Strong foundation in data structures, algorithms and problem solving.

EDUCATION

B.Tech – Computer Science and Engineering

Jul 2024 – Aug 2028

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science & Technology, Chennai

Intermediate – MPC (Maths, Physics, Chemistry)

Aug 2022 – Mar 2024

Sri Chaitanya College of Education

Secondary School Certificate (SSC)

Jul 2021 – May 2022

Kids Patasala

TECHNICAL SKILLS

Programming: Python, Java, C, JavaScript

Data Analysis: Pandas, NumPy, Matplotlib, Seaborn, Jupyter Notebook

Machine Learning: Scikit-Learn, Classification, Regression, EDA

AI: NLP, Chatbots, Speech Recognition, Prompt Engineering

Database: MySQL, MongoDB

Tools: Git, GitHub, VS Code

INTERNSHIP EXPERIENCE

QSkill & SR India – Python Development Intern

- Developed Python modules using object-oriented programming.
- Worked with concurrent Python scripts and multithreaded backend routines.
- Implemented automated data handling workflows.

TopGrade Innovation – Artificial Intelligence Intern

- Developed predictive machine learning workflows using Python.
- Worked with dataset preprocessing and intelligent system architectures.

PROJECTS

Exploratory Data Analysis

- Performed dataset analysis using Pandas and NumPy.
- Created statistical visualizations using Matplotlib and Seaborn.
- Identified trends, relationships and patterns within datasets.

Iris Flower Classification

- Developed a supervised classification model using Scikit-Learn.
- Applied exploratory data analysis, feature scaling and classification algorithms.

House Price Prediction

- Built a regression-based machine learning model for predicting housing prices.
- Processed real-estate features and evaluated model performance.

AI-Based Voice Assistant

- Developed a Python voice assistant using SpeechRecognition and pyttsx3.
- Implemented speech recognition, text-to-speech and web automation.

SELECTED CERTIFICATIONS

- Python Essentials 1 – Cisco Networking Academy / Python Institute
- Python Essentials 2 – Cisco Networking Academy / Python Institute
- Python Concurrent Programming – Infosys Springboard
- Advanced Data Structures and Algorithms in Python – Infosys Springboard
- DSA in Python: Trees & Graphs – Infosys Springboard
- DSA in Python: Sorting Algorithms – Infosys Springboard
- Data Management – Infosys Springboard
- Machine Learning & Image Processing – thingQbator / Nasscom
