

PALLAPU DILEEP KUMAR

Cybersecurity Specialist — Network Security — Ethical Hacking
Chennai, Tamil Nadu, India | dileepkumpallapu28@gmail.com | +91 6300837459
LinkedIn — GitHub — Portfolio

PROFESSIONAL SUMMARY

Computer Science and Engineering student at Vel Tech focused on Cybersecurity, Network Security, Cyber Defense, and Ethical Hacking. Experienced through Cisco Networking Academy certifications, network architecture training, firewall configurations, and secure application development. Strong foundation in Data Structures, Algorithms, Access Control Lists (ACLs), Threat Intelligence, and secure backend systems.

EDUCATION

B.Tech – Computer Science and Engineering Vel Tech Rangarajan Dr. Sagunthala R&D; Institute of Science & Technology, Chennai	Jul 2024 – Aug 2028
Intermediate – MPC (Maths, Physics, Chemistry) Sri Chaitanya College of Education	Aug 2022 – Mar 2024
Secondary School Certificate (SSC) Kids Patasala	Jul 2021 – May 2022

TECHNICAL SKILLS

Cybersecurity & Networking: Network Security, Ethical Hacking, Cyber Defense, Threat Intelligence, CCNA, Firewall Rules, ACL Concepts, Palo Alto Networks
Programming & Scripting: Python, Java, JavaScript, C, Linux CLI / Bash
Security & Backend Concepts: Access Control, Authentication (RBAC), API Security, Secure Backend Layers, Cryptography Basics, Vulnerability Analysis
Databases: MySQL, MongoDB
Tools & Platforms: Cisco Packet Tracer, Wireshark, VS Code, Git, GitHub, Linux / Ubuntu

INTERNSHIP & INDUSTRY EXPERIENCE

- Cybersecurity Trainee / Ethical Hacker** — Cisco Networking Academy (Jun 2026 – Present)
- Developed foundational knowledge of network security architectures, cyber defense, threat intelligence, online safety and data protection.
 - Practiced cybersecurity scenarios involving firewall rules and Access Control List (ACL) configurations.
 - Analyzed industrial cybersecurity standards, threat detection vectors, and incident mitigation strategies.
- AI & Data Science Development Intern** — Skill Nexis (Aug 2026 – Sep 2026)
- Worked on predictive machine learning models, AI algorithms and Python-based data science workflows.
 - Developed exploratory data pipelines, statistical visualizations and data-cleaning routines.
 - Won the #1 Weekly Innovation Challenge for community-upvoted security & analytics idea.
- Software & AI Development Intern** — QSkill & SR India (2025 – 2026)
- Worked across Python, AI/ML, and front-end development tracks, building concurrent backend scripts.
 - Implemented secure data-handling workflows, input validation, and structured error handling.

PROJECTS

- Smart Attendance Management System** (Role-Based Access Control)
- Developed an institutional web portal with Student, Faculty and Admin role-based authentication.
 - Implemented attendance calculations, faculty roster management, secure session controls, and automated PDF reports.
- Interactive AI Developer Portfolio**
- Designed and deployed responsive portfolio showcasing 66+ credentials, 9 internships, and interactive credential filtering.
- AI-Based Voice Assistant & Student Chatbot**
- Implemented speech recognition, NLP decision trees, structured JSON validation, and automated query response flows.

SELECTED CYBERSECURITY & NETWORKING CERTIFICATIONS

- Ethical Hacker** — Cisco Networking Academy
- Industrial Cybersecurity Essentials** — Cisco Networking Academy
- AP Cybersecurity** — Cisco Networking Academy

- **CCNA 1: Introduction to Networks** — Cisco Networking Academy
- **CCNA 2: Switching, Routing, and Wireless Essentials** — Cisco Networking Academy
- **CCNA 3: Enterprise Networking, Security, and Automation** — Cisco Networking Academy
- **Mastering Palo Alto Networks** — Infosys Springboard
- **Securing the Backend Layers** — Infosys Springboard
